

Environmental Policy

The Stanilod Group of companies, comprising Barnes Williams (UK & Far East) Ltd, BW Ireland Ltd, BW Catering Products Ltd, The Chilli Doctor Ltd and The Chilli Doctor s.r.o., believe that a successful future for our business and the customers we supply depends on the sustainability of the environment and communities in which we function. We are committed to reducing the detrimental environmental impact of our business operations to a minimum and are aligned to the UK target of Net Zero by 2050.

Our commitment is to:

-  Seek out ways we can continue to improve our environmental performance in a measurable and meaningful way
-  Ensure all our staff and our entire supply chain are aware of our commitment to reducing our impact on the environment
-  Reduce plastic use throughout our operations
-  Ensure the storage and disposal of waste is undertaken in a safe and secure manner
-  Reduce waste and pollution, which includes that we will continue to maintain a waste stream which is zero to landfill
-  Endeavour to reduce our energy consumption
-  Control and minimise water use throughout our operations and encourage our entire supply chain to do the same
-  Work to enhance biodiversity in the spaces we work in and encourage suppliers to adopt similar practices, including sustainable methods of farming
-  Provide support for suppliers' initiatives to reduce negative effects of their activities on the environment
-  Comply with all relevant national environmental legislation and surpass where practicable
-  Review this policy regularly to ensure it remains aligned with evolving environmental legislation

Our goal is to make continuous advances throughout our business operations to improve our impact on the local and global environment. We believe that through our commitment to sustainability principles, we can not only provide exceptional products to our customers but also contribute positively to the planet and its people.

Signed:

MA Mabbott
