

PRODUCT GUIDE 2019

Welcome to our 2019 Product Guide. We use our extensive range of BRC manufacturers all over the world including, China, Thailand, Turkey and Germany to bring you a range of quality products which includes breadcrumbs, sauces, purees, pastes, rice, semi dried vegetables, jalapeno, capers, gherkins and herbs and spices.

Our product range continues to grow as we work closely with our customers to not only deliver a range of staple products but also bespoke and more niche items where appropriate.

Orders can be anything from a minimum of a mixed full pallet from our whole range of products up to direct containers from origin. Our transport links cover the whole of the UK, Ireland and Jersey and deliveries can be made next day if necessary to most locations. If you wish to discuss any of the products in this guide in further detail than please do not hesitate to contact us.
